

# EndNote: Download & Installation for Windows (Students)

This article covers how CSUF students can download, install, and activate EndNote

### Step 1: Remove Previous Versions of EndNote

i If you <u>do not</u> have a previous version of EndNote installed, proceed to <u>Accept the End User License Agreement</u>

If you have an older version of EndNote on your device you need to remove it before installing the newest version.

This will help avoid potential clashes between multiple versions.

### 1. Open the Settings

### 2. Click on Apps
